| <b>Product description</b> | Phase selector motorised changeover switch 125A with motor unit supply 80-230Vac . Size D2 dimensions 147x172x113, includes auxiliary contact for each position 12A. Back plate mounting. Built-in internal links, mechanical and electrical interlock. Local emergency operation, includes removable padlockable handle. Display for switch position indication and operation counter. Impulse control logic. Protection against supply voltage failure . Cable clamp connection for wires 16-50mm <sup>2</sup> . |

## Logistic data

|                     |          |
