

TR210

TR210 220-240 50/60Hz

Code	014TR210
EAN	8430892312134
Product description	Time switches for staircase lighting, power supply 220-240 50/60Hz, switch for manual control with two positions: automatic and permanent ON, universal installation through automatic recognition of the wiring type (3 or 4 wire), operating time adjustable from 30 seconds to 20 minutes, working temperature from -10°C to 50°C, DIN rail mounting.

Time switches

Resistive load: 16 A

Inductive load $\cos \phi = 0,6$: 10A

Incandescent / halogen lamp load: 2300W

Fluorescent lamp load: 2300W

Fluorescent lamp load parallel-corrected: 400 VA 42 μ F

Energy saving lamps: 90W

Led lamp < 2W: 20W

Led lamp < 2-8W: 55W

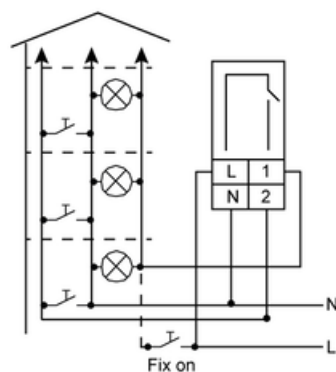

Led lamp > 8W: 70W

Breaking capacity

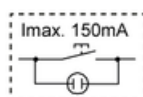

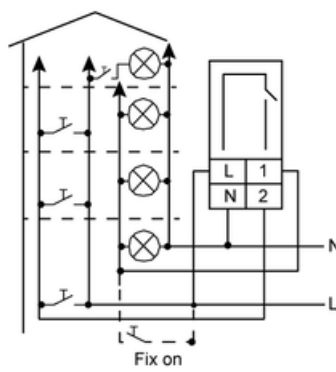

Connection	screw terminal
Supply	220-240 V
Nominal frequency	50-60Hz
Power consumption	4 VA
Timing range	30s-20min
Degree of protection	IP20
Module number	1
Max. wire cross section	4 mm ²
Net weight (gr)	70

Connection

Conexión a 3 hilos
3 wire connection

Conexión a 4 hilos
4 wire connection
